To Parents and Guardians:

Thank you for your interest in Blue Elephant Daycare. We have successfully been operating a high quality program for children aged eighteen months to five years. We are licensed by the Ministry of Education and governed by the Child Care and Early Years Act.

***Blue Elephant Daycare participates in Raising the Bar in Peel, an ongoing quality initiative for child care and early years programs in Peel. It engages child care and early years professionals in ongoing reflection and critical thinking to enhance quality in programs. This initiative fosters relationship-building and is based upon the following foundations:***

***Lifelong Learning  
Mentorship***

***Reflective Educators  
Leadership***

***Collaborative Inquiry***

Our staff are committed to providing a high quality, caring and professional environment for your child.

We offer a full day program that provides children with enjoyment, rewarding experience and a feeling of self worth and independence. Children are given freedom to make choices while learning to accept the limits and respect each other. Children work and play together in an inclusive atmosphere that promotes co-operation, celebrating differences and accepting similarities and diversity. Parents can be rest assured that their child is left in a safe and happy environment where all children belong.

Our program is designed to instill the grass roots of learning: Language (Reading and Writing), Math, Music, Art through our purposeful and intentional Play Based Learning curriculum. We provide high-quality care and education that is built on a foundation of co-operation and trust that leads to mutually rewarding relationships involving children, parents and teachers. When such relationships are developed, children are likely to be well adjusted and have a strong sense of their own value and self-worth.

If you are interested in admitting your child to this program and would like further information, please feel free to arrange for a meeting or complete the attached application and consent forms and return it to the daycare. **All information remains confidential.** Under the Personal Information Protection and Electronic Documents Act, the personal information collected in the application form is solely used for gaining more information on the child when in the care of the Daycare. Blue Elephant Daycare is committed to delivering an inclusive child care program that promotes high quality care and positive and healthy environments where children, families and educators are co-learners.

The program statement for Blue Elephant Daycare is built on the pedagogical framework presented in *How Does Learning Happen? Ontario's Pedagogy for the Early Years*. It builds on the four foundations, expectations and goals of learning as follows:

Foundations	Goals for children	Expectations for programs
Belonging	Every child has a sense of belonging when he/she is connected to others and contributes to his/her world	Cultivate respectful relationships and connections to create a sense of belonging among and between children/adults and the world around them.
Well-Being	Every child is developing a sense of self and health and well-being	Nurture children's healthy development and support their growing sense of self.
Engagement	Every child is an active and engaged learner who explores the world with his/her senses, bodies and mind	Provide environments and experiences to engage children in active, creative and meaningful exploration and learning
<b>Expression</b>	Every child is a capable communicator who is able to express himself/herself in many ways.	Foster communication and expression in all form

***How Does Learning Happen*** builds on a shared understanding between children, families and educators as follows:

Children are	Capable of complex thinking, curious, competent, contributes to their world, deserve an opportunity to succeed, should feel that they belong
Families are	Competent, curious, capable, rich in experience, the experts on their children, first and most powerful influence on children and deserve to be engaged in a meaningful way.
Educators are	Capable, competent, curious, knowledgeable, caring, reflective professionals, life long learners who collaborate

To this end:

**We promote the health, safety, nutrition and well-being of every child**

- By observing children throughout the day to check for signs of ill health and report it to Supervisor who in turn communicates with the parent.

We connect with children and parents strengthening the relationships. We give attention to those who need it providing comfort and attention when needed. Children choose their own activities and we respond to their needs in a positive way. Children and families can express themselves and we listen. We provide positive feedback and work together to provide the best care for children.
- Team meetings and staff meetings occur weekly and monthly and we share information and discuss possibilities to provide children with deeper explorations. We invite others perspectives in planning (children, parents, teachers etc.) to work towards the child's goal. Develop an environment where children feel safe and comfortable to share their thoughts and ideas.
- Welcome parents and children at drop off and saying goodbye to them at the end of the day.
- Names of all staff and their photographs are posted on the wall.

- Promoting problem solving where staff observe and watch.
- We provide children with opportunities to self-regulate by allowing them to choose their own play areas, serve foods when possible, dress and undress themselves. At rest time, they choose to sleep or have a quiet rest. Once they can self-regulate their bodies, they can choose to go when they need to the washroom.
- Educators are sensitive to child's needs and acknowledge their emotions – eg: I see, It looks like..

### **Wait list policy**

**Intent:** This provision is intended to prohibit licensees from charging parents a fee or deposit for the placement of their child on a waiting list for an unsecured spot in the child care centre. This written waiting list policy explains the order in which children are offered admission from the waitlist and describes how the waiting list will be available in a manner that maintains privacy of the child listed on it, but informs parents or guardians of the position of a child on the list.

When you call the Centre to get information, we schedule a visit to Blue Elephant Daycare that is convenient for you. You are given a tour of the facility and the supervisor or director will talk to you about our programs. We will answer any questions you may have. We will have you fill out some information on our wait list book. We have a toddler and a Pre-School wait list. Every parent's information is on one page to maintain confidentiality and privacy. No personal information is shared or visible to another parent. A follow up call may be done by the supervisor or by you thereafter as to the interest for the placement for your child. If there are two parents interested in one placement, we will reach out to both parents giving priority to the first parent on our wait list. We will leave a message and or email for the first parent to call as soon as possible or respond on email if interested in the placement. If we have not heard back from the first parent in 3 days, we will then call the next parent on the wait list. The parents who brings in the last month deposit and registration fee will secure the placement as this shows that the parent is committed to the placement and we hold the last month deposit as our commitment to hold that placement for your child till the start date. We work one on one with some parents who would like a payment plan to pay off the full last month deposit. This deposit is used for the last month the child is with us.
